

VAC-2019-64 – Severo Ochoa PhD Position in Risk and Resilience Group

The International Centre for Numerical Methods in Engineering (CIMNE, www.cimne.com) is a research centre, created in 1987 by consortium between the Catalan Government and the Technical University of Catalunya, devoted to the development and application of numerical methods to a wide range of areas in engineering. CIMNE has been selected as a Severo Ochoa Centre of Excellence for the period 2019-2023. This is the highest level of recognition of excellence and leadership awarded to a research centre in Spain.

CIMNE is offering a research position that will be funded by the Severo Ochoa Programme.

Position details

Number of vacancies: 1

Category: PhD (PHD3)

Workplace: Barcelona

Salary (gross): 16.167,91 EUR

Weekly working hours: Full time

Duration: 3 years

Functions to be developed by the applicant

CIMNE is looking for a **PhD Researcher** to be part of the Research and Technical Development (RTD) Group on Risk and Resilience.

The Risk and Resilience Group made important contributions to seismic vulnerability and risk studies in Spain, Europe and Latin-America. In this sense, the developments performed by its researchers on the vulnerability and risk framework and on the holistic risk assessment approach, as well as on the development and use of risk indicators and indices or on the development of urban risk scenarios are well known in the scientific community. More recently, contributions have been made in the fields of the multi-hazard and risk probabilistic modelling, the economic evaluations for risk transfer and financial protection, among others.

The group has been involved in European and Spanish RTD projects in the disaster risk assessment field. The team also participates in important projects in the field of disaster risk assessment and management (due to several natural hazards) funded by the World Bank, the Inter-American Development Bank and the UN Office for Disaster Risk Reduction (UN-DRR, former UN-ISDR).

ANNOUNCEMENT FOR THE PROVISION OF A WORKPLACE

The functions assigned to the candidate will be:

- Complete a PhD on Civil engineering. The candidate is expected to complete the PhD thesis in a maximum of three years.
- Collaborate with various research groups within CIMNE and worldwide.
- To publish a minimum of two papers in JCR journals during the PhD period.

Requirements

1. The position is aimed at students (Spanish nationals, EU and non EU citizens) who have completed one of the following options:
 - a) The studies that lead to an official Spanish, or European Higher Education Area, 1st cycle university degree (BSc) in Civil Engineering and that have 180 credits (ECTS) of an official university degree.
 - b) A degree from a non-European Higher Education Area university that gives access to MSc studies in Civil Engineering/Environmental engineering.To be eligible for the scholarship grant the applicants have to be formally enrolled to a doctoral program or meet the conditions to be enrolled to a doctoral program at the moment of the recruiting.
2. Excellent academic record.
3. High working knowledge of English.
4. Candidates who have already been awarded a PhD are not eligible to apply.
5. Previous knowledge on disaster risk evaluation techniques based on deterministic and probabilistic approaches.

Other valued skills

- Previous research or academic experience in the field of the position
- Programming skills
- Language skills

Evaluation procedure

The requirements and merits will be evaluated with a maximum mark of 100 points. Such maximum mark will be obtained by summing up the points obtained in the following items:

- Academic record (60%)
- Previous research and academic experience in the field of the position (20%)
- Programming skills (10%)
- Language skills (10%)

How to apply

Candidates must complete the "[Application Form](#)" on our website, indicating the reference of the vacancy and attaching the following documents:

- A curriculum vitae
- A motivation letter
- At least one reference letter
- Certified academic record (both Undergraduate and the MSc degrees)

ANNOUNCEMENT FOR THE PROVISION OF A WORKPLACE

The deadline for registration to the offer ends on **January 31, 2020 at 12:00 noon**.

Application will be reviewed by CIMNE Severo Ochoa selection committee. The shortlisted candidates may be called for an interview and must send to seleccio@cimne.upc.edu all the proving documentation of the requirements and merits, if not already submitted during the application phase.

CIMNE is an equal opportunity employer committed to diversity and inclusion. We are pleased to consider all qualified applicants for employment without regard to race, colour, religion, sex, sexual orientation, gender identity, national origin, age, disability or any other basis protected by applicable state or local law.

CIMNE has been awarded the HRS4R label.
