

ANNOUNCEMENT FOR THE PROVISION OF A WORKPLACE

Severo Ochoa PostDoc Trainee Position in CENIT – Innovation in Transport (VAC-2020-59)

The International Centre for Numerical Methods in Engineering (CIMNE, www.cimne.com) is a research centre, created in 1987 by consortium between the Catalan Government and the Universitat Politècnica de Catalunya (UPC-BarcelonaTech), devoted to the development and application of numerical methods to a wide range of areas in engineering. CIMNE has been selected as a Severo Ochoa Centre of Excellence for the period 2019-2023. This is the highest level of recognition of excellence and leadership awarded to a research centre in Spain.

CIMNE is offering a research position that will be funded by the Severo Ochoa Programme.

Position details

Number of vacancies: 1

Category: Post Doc Trainee (PDOC2)

Location: Barcelona

Yearly salary (gross): 31.915,64 EUR

Working hours: Full time

Duration: 2 years

Starting date: No later than November 2021

Functions to be developed:

CIMNE is looking for a **Postdoc Trainee** to be part of the Research and Technical Development (RTD) Group on Innovation in Transport. Since its creation in 2001, CENIT has strived to provide cutting edge research and technology solutions to both the public and private sectors while providing thought leadership through contributions to scientific and academic journals as well as global events. The work areas include Urban Mobility, Port logistics and Maritime Transport, and Transport Infrastructure Management with an emphasis on transport economics, operations research, travel behavior, sustainability, transport policy, demand analysis, and ICT.

ANNOUNCEMENT FOR THE PROVISION OF A WORKPLACE

The functions assigned to the candidate will be:

- Plan and conduct high quality research
- Collaborate with various research groups across Europe and elsewhere
- Document and disseminate the research results within CIMNE and externally
- Publish in high impact journals
- Participate in research projects and contracts with industry of interest to the RTD Group
- Collaborate in the preparation of competitive RTD research proposals

Requirements

- Having obtained a PhD degree in the field of transportation, economics or mobility (operational research, transport economy or demand analysis) at the moment of the signature of the contract.
- Good publication record (a minimum of 4 papers published in indexed journals)
- Good knowledge of English, both written and spoken.

Other valued skills

- Previous research and/or academic experience in the field of the position
- Programming skills
- Language skills

Evaluation procedure

The requirements and merits will be evaluated with a maximum mark of 100 points. Such maximum mark will be obtained by summing up the points obtained in the following items:

- Publication and career track (40%)
- Previous research and/or academic experience in the field of the position (20%)
- Programming skills (20%)
- Language skills (10%)
- Communication/Teaching skills (10%)

ANNOUNCEMENT FOR THE PROVISION OF A WORKPLACE

How to apply

Candidates must complete the "Application Form" form on our website, indicating the reference of the vacancy and attaching the following documents **in English**:

- Curriculum vitae, including Researcher's ID or ORCID No.
- A motivation letter.
- Academic transcripts from all Undergraduate, MSc and PhD degrees.
- Name and institutional contact information of two possible referees

The deadline for registration to the offer ends on October 16th, 2020 at 12 noon.

Application will be reviewed by CIMNE Severo Ochoa selection committee.

The shortlisted candidates may be called for an interview. They may also be required to provide further supporting documentation.

CIMNE is an equal opportunity employer committed to diversity and inclusion. We are pleased to consider all qualified applicants for employment without regard to race, colour, religion, sex, sexual orientation, gender identity, national origin, age, disability or any other basis protected by applicable state or local law. CIMNE has been awarded the HRS4R label.
