

## Michele Chiumenti

Universitat Politècnica de Catalunya, UPC  
C/ Jordi Girona, 1, Edificio C1, Campus Norte  
08034 Barcelona Spain

Phone: +34-93.401.0794  
Fax: +34-93.401.6517

Date of birth: 25 September 1969  
Nationality: Italian  
Gender: Male

Web: [www.cimne.com](http://www.cimne.com)  
e-mail: [michele@cimne.upc.edu](mailto:michele@cimne.upc.edu)

---

### ***Current position***

Associate Professor: Universitat Politècnica de Catalunya - **UPC**  
Research Staff: International Center for Numerical Methods in Engineering - **CIMNE**  
Product Manager: **Quantech-ATZ** Software-house, consulting and marketing activities

---

### ***Education***

Ph.D.: Civil Engineering, Universitat Politècnica de Catalunya, UPC, Spain (1999)  
Degree: Civil Engineering, Politecnico di Milano, Italy (1994)

---

### ***Career***

Research Staff, International Center for Numerical Methods in Engineering (CIMNE), since 1994.  
Assistant Professor, Consorci Escola Industrial de Barcelona, 1998-1999.  
Assistant Professor, Universitat Politècnica de Catalunya, (UPC), 1999-2004.  
Associate Professor, Universitat Politècnica de Catalunya, (UPC), since 2004.

---

### ***Professional activities***

Product Manager, Quantech-ATZ Software-house, consulting and marketing activities

---

### ***Teaching undergraduate***

Statics and Strength of materials, Escuela Técnica Superior de Ingenieros de Caminos, Canales y Puertos de Barcelona, Dep. de Resistencia de Mater. y Estructuras en la Ingen., UPC, since 1999

---

### ***Teaching graduate***

Ph.D. Course, Numerical Methods in Non-linear Solid Mechanics, UPC, since 2003  
Ph.D. Course, Advanced Solid Mechanics, UPC, since 2006  
Master Course, Master en Ingeniería Civil, UPC, since 2007  
Master Course, Structural Analysis of Monuments and Historical Constructions, UPC, since 2008  
Master Course, Métodos Numéricos para el Cálculo y Diseño en la Ingeniería, CIMNE, since 1999

---

### ***Membership***

SEMNI, Sociedad Española de Métodos Numéricos en la Ingeniería (Spanish association for numerical methods in engineering)

---

### ***Research Interests***

- Computational methods in applied sciences and engineering.
- Finite elements methods in non-linear computational mechanics and coupled problems.
- Numerical simulation of industrial metal-forming processes such as casting, welding, metal-deposition, sheet metal forming and forging.
- Numerical simulation of food preservation processes.

## ***Patents***

---

VULCAN: Software for the numerical simulation of metal-casting processes  
(<http://www.quantech.es/vulcan.aspx>)

## ***Participation in Financed Research Projects (last 5 of 22)***

---

Casting of Large Ti structures (**COLTS**)  
FP7 - Aeronautics and Air Transport (AAT) - 2010 - RTD-CHINA

Magnesium New Technologies Opportunities (**MAGNO**)  
Programa CENIT (CDTI)

Fusion Technology Programme (**TECNO\_FUS**)  
Programa CONSOLIDER-INGENIO 2010

Detailed Multi-Physics Modelling of Friction Stir Welding (**DEEPWELD**), FP6-EC Specific Target Research Project (STREP), AST4-CT-2005-516134, 2005-2008.

Virtual Engineering for Robust Manufacturing with Design Integration (**VERDI**), FP6-EC Specific Target Research Project (STREP), AST4-CT-2005-516046, 2005-2008.

## ***Peer-reviewed journal articles (last 5 of 22)***

---

Mesh objective modeling of cracks using continuous linear strain and displacement interpolations

Cervera M., Chiumenti M. and Codina R.

International Journal for Numerical Methods in Engineering, Vol. 87, Issue 10, (2011), pp. 962–987, DOI: 10.1002/nme.3148

Mixed stabilized finite element methods in nonlinear solid mechanics. Part II: Strain localization

Cervera M., Chiumenti M. and Codina R.

Computer Methods in Applied Mechanics and Engineering, Vol. 199, (2010), pp. 2571-2589

Mixed stabilized finite element methods in nonlinear solid mechanics. Part I: Formulation

Cervera M., Chiumenti M. and Codina R.

Computer Methods in Applied Mechanics and Engineering, Vol. 199, (2010), pp. 2559-2570

Finite element modeling of multi-pass welding and shaped metal deposition processes

Chiumenti M., Cervera M., Salmi A., Agelet de Saracibar C., Dialami N. and Matzui K.

Computer Methods in Applied Mechanics and Engineering, Vol. 199, (2010), pp. 2343-2359

On the Numerical Modeling of the Thermo-mechanical Contact for Casting Analysis

Chiumenti M., Agelet de Saracibar C. and Cervera M.

Journal of Heat Transfer, Vol. 130, #6, (2008), pp. 061301 (10 pages)
